WILL HEAD FOR PEKIN

The Washington Authorities Outline
Their Policy in China.

THAT CHINESE EDICT

Officials Convinced Chinese Officers Are
Attempting to Relieve Them-
selves of any Responsibility
of Massacre at Peking.

Washington, July 13.—"On to Peking",
is the policy adopted by our govern-
ment. It is said that regardless of the
issues raised as to the authenticity of
the Chinese note, or the accuracy of its
responsibility for the present situation,
our government is determined not to
relax its efforts to reach Peking to get in
touch with Mr. Conger, if he is alive, to
take the necessary steps for the pro-
tection of American interests and in
fact do all those things set out in Sec-
retary Hay's note to the powers, including
a reckoning with the person or persons
responsible for the outrageous events of
the past week.

Twenty-four hours consideration of
the Chinese note leaves the officials here

PRINCE TUAN.

convinced that it marks the beginning
of a general effort on the part of the
Chinese officials to relieve themselves
from responsibility for the treatment of
the foreign ministers and the fighting
at Tien Tsin. That in itself is regarded
as a hopeful sign of approaching col-
lapse of the boxer movement and the
termination of insurrection that exists
in Peking and Shan Tung.

Victors do not apologize, hence the ex-
culpatory statement yesterday is believed
to be pregnant with meaning.

The news from Tien Tsin of the un-
satisfactory relations between the allied
forces goes to confirm the war depart-
ment officials here in their original con-
viction that two or three brigades of
American troops, veterans of the Indian
war of the Cuban campaign and of the
Philippine jungle hunt could have
achieved some valuable results by this
time had they been at Tien Tsin. A
question has arisen in view of the lack
of a directing head at Tien Tsin as to
what Colonel Liscum, with his Ninth
regiment will do. His orders are broad-
ly framed and it is said at the war de-
partment that while he remains in com-
mand of his own men under all circum-
stances, he may cooperate to any extent
with the allied forces, so that he is like-
ly to willingly execute any part of the
campaign confided to him even though
it involves his voluntary subordination
to a foreign senior officer.

The good impression made by the
edict of the Chinese government, given
out by Minister Wu, threatens to be
offset to some extent by the reports from
London, stating that Prince Tuan was
the real author of this edict and that
some of its most forcible anti-foreign
language was omitted from the version
given out here. But at the Chinese
legation here these intimations from
London are dismissed as groundless.

A Message for Conger.

Washington, July 13.—Chinese Min-
ister Mr. Wu has undertaken to get
through a cipher cable message from
Secretary Hay to United States Minister
Conger at Peking, and have an answer
brought back if Conger is alive. The
message was prepared by Secretary Hay
and its contents are unknown to any
one save him. It is sent to Shanghai
with explicit instructions from Minister
Wu to spare no efforts or expense to get
it into the hands of Conger.

Charged With Murder.

Joliet, Ills., July 13.—Frank Schref-
ler was arrested and placed in jail here
on a charge of murdering his wife, who
died June 23 of gasoline burns. It is
claimed her injuries, instead of being
due to the explosion of a gasoline stove,
were caused by her husband, who, it is

alleged, deliberately poured gasoline on
her clothes and set them on fire. This
charge is made by Edith Zeentraski, a
sister-in-law of the dead woman.

Defeated the Rebels.

Brussels, July 13.—The Belgian for-
eign office has received a cable dispatch
from Shanghai announcing on Chinese
authority that General Nich defeated the
rebels near Peking and relieved
Prince Ching and General Yung Lu,
who are trying to defend the Europeans.

ONE ROBBER CAPTURED.

He Makes a Confession, but Refuses to
Give Names of the Others.

Cairo, Ills., July 13.—Mike Conley
alias Doyle has confessed to Chief Ma-
honey that he assisted in holding up the
Illinois Central train on Wednesday
morning. He says there were only three
men concerned in the holdup and that
they were all drunk.

Conley says he stood watch over the
train while the others did the work.
After leaving the engine they entered a
yawl and the leader of the bandits pro-
ceeded to divide the money. Conley
says they cheated him, counting out \$5
bills for themselves and telling him
they were ones, his share being only
\$15. In the count of the money they
quarrelled and Conley says he jumped
overboard and swam ashore. The oth-
ers proceeded down the river. Nearly
drowned, he finally reached the Missou-
ri shore and made his way to Charleston
where he was arrested and brought to
this city.

He says one of his companions was a
young fellow, tall and slim and the
other heavy set, older and with a red
face and sandy complexion. Conley
says he had known these men for about
a year, but declined to give their names.
A couple of weeks ago they wrote him
to meet them in St. Louis where they
arranged the job. Since then he has
been in various places. He worked here
for two days last week.

Conley was taken Wickliffe, Ky., and
put under a \$5000 bond to await the
action of the court which meets in
August.

Agent Charles Pink says the robbers
did not secure more than \$200. Chief
of Detectives C. E. Murray of the Illi-
nois Central with a large corps of assist-
ants, are searching for the other robbers.

A report from Fulton, Ky., states that
two more Illinois Central train robbers
have been captured. No details are ob-
tainable.

Respite for John Renfro.

Cleburne, Tex., July 13.—S. H. Ren-
fro filed an affidavit of lunacy on behalf
of his brother, John Renfro, who was
to have been hanged here today.
Judge Hall immediately ordered a hear-
ing for next Wednesday, and instructed
the sheriff to summon a venire of 60 men
for the jury. The condemned man pro-
tested against the proceeding, saying
that he had made his peace with the
world, was prepared, and expected to die.

Abandoned Baby in an Ant Bed.

Temple, Tex., July 13.—A 4-week's-
old baby boy was found in an ant lot,
corner of Eighteenth street and Barton
avenue. The little fellow was covered
with ants and his screams caused the
discovery. He was taken in charge tem-
porarily by Mrs. I. N. Batterson. Some
of the clothes worn by the infant was
marked "Woman's Home," and police
are working on this clue to locate the
parents.

Was His Own Executioner.

Jacksonville, Tex., July 13.—Mack
Monroe, the negro who shot and killed
his wife at this place last Tuesday night
and who shot himself Wednesday is dead.
After shooting his wife Monroe tried to
escape, but was captured five miles
south of here. Seeing that escape was
impossible he shot himself before the
officers could make the arrest.

Horses Dying by Wholesale.

Angleton, Tex., July 13.—A great
many horses and cattle are dying with
charbon. Some of the farmers have
lost all their work stock in one night,
after having used them the previous
day, and the stock were apparently well.
Hundreds of horses and cattle have been
lost and the situation is not getting any
better.

Charged With Murder.

Houston, July 13.—The sheriff's de-
partment has arrested Jim Riley, Julian
Adams, Mitchell Harris and Charles
Harris on the charge of having assisted
in the lynching of Henry Jefferson near
this city Sunday night.

Shooting at Sulphur Springs.

Sulphur Springs, Tex., July 13.—A
difficulty occurred here Wednesday
night in which John Phillips was shot
twice and perhaps fatally wounded. M.
Carswell is in jail charged with the
shooting.

Elks to Meet at Milwaukee.

Atlantic City, N. J., July 13.—The

vention adjourned Thursday night.

Steamers Bring in The Missionaries
From Outlying Stations.

ALL WERE SAVED.

Every Missionary and Native Preacher
Are Safe at Che Foo—Heroic
Deeds of the Missionaries
in Saving Lives.

New York, July 13.—A dispatch to
the Journal from Che Foo, July 9, says:
Great joy reigns in Che Foo, inspired
by the safe arrival of every white mis-
sionary and every native preacher in
the Tien Tsin district, hitherto unac-
counted for.

The steamer Shin Fing, of Chinese
register, but officered by Americans and
Englishmen, brought in the refugees to
the number of more than 200. They re-
port that more than 1500 refugees to
Tien Tsin and Taku have been rescued
from certain death by the allied forces
of the powers.

The missionaries who arrived by the
Shin Fing, are: Crawford, Lewis,
Black, Crawford, Dawes, Tedder,
Partsch, Burnham, Fitch, Faries, Par-
ker, Hayes, Horton, Boon, Lowe,
Thompson, Luce, Irwin, Mateer, Hart-
well, Print, Stephens, Dutton, Owen,
Neal and Cooper.

Every missionary in Shan Tung pro-
vince and every native preacher of the
Methodist Tien Tsin district is now ac-
counted for.

The steamer sailed from an obscure
coastwise port, with her destination
secret. The Rev. P. D. Bergen, one of
the refugees, made a gallant rescue of
foreign miners near his station at Tsin
Tao, 160 miles southwest of Che Foo.
Mrs. Bergen and Dr. and Mrs. Neal are
among the refugees arriving on the
Shin Fing. At Feng Tzsi, three Chi-
nese converts were killed.

Mrs. Crosetti of Wei Hein, brought on
with her party Davis and Fleming.
Fleming also escaped.

Watts and Fenton made a gallant ride
to Taku to bring the news of the critical
conditions in outlying Shan Tung vil-
lages. They swam the Pei Ho river
twice and were fired upon by the na-
tives at every village they passed.

Hopkins, Parth, Luce and Ewing left
for Japan by steamer. The Rev. Corn-
wall of Che Foo has greatly distin-
guished himself by making three trips
into the interior to rescue missionaries.

The English mission at Cheng Chown
has been looted and burned.

REPORT NOT CREDITED.

London Does Not Believe That the Le-
gations are Safe.

London, July 13.—Though there does
not appear to be at this hour any justi-
fication for the statement that official
confirmation has been received here of
the massacre of the international colony
at Peking, it is hardly doubted that such
confirmation will be the outcome of the
present suspense. The report sent out
by the News Agency of this city saying
an official message had been received in
London that all foreigners in Peking
were murdered July 7, is said to have
originated at the Japanese legation, but
an inquiry there elicited the statement
that no telegram dealing with the situa-
tion at Peking had reached the legation
for some days, and nothing is known
here lending support to the story beyond
the Shanghai tales published. The
British foreign office is equally without
confirmation, and the same reply is re-
ceived at the Chinese legation.

Official circles regard the statement as
being merely a reiteration of rumors, es-
pecially as the interchange of inquiries
indicated none of the embassies and
ministers had anything fresh corrobora-
tive of the story.

Lord Salisbury presided at a lengthy
cabinet meeting at which it is understood
important decisions in regard China
were reached and that already instruc-
tions have been sent to Simla to prepare
another division, consisting of four
British and four Indian regiments with
complements of artillery for service in
China.

Bombarding the Legations.

Washington, July 13.—The state de-
partment has received a dispatch from
Consul General Goodnow at Shanghai
saying the governor of Shan Tung wires
the boxers and soldiers were bombard-
ing the legations for a final attack upon
July 7. He is extremely anxious for the
safety of the ministers and friendly
Chinese in Peking. The consul adds
that fears for the worst is generally
entertained. The state department also
received a dispatch from Consul Mc-
Wade at Canton saying Viceroy Li
Hung Chang has engaged quarters upon
the Chinese steamer An Ping, but the
date of his departure for the north is
yet undecided.

Fighting Prince Tuan.

Shanghai, July 13.—The viceroy of
Fu Kien has received dispatches from
Peking dated July 7, announcing that
General Nieh, with 9000 men has ar-
rived there from Ku Tai, by making a
long detour to the north. He met and
defeated Prince Tuan's army and re-
scued Prince Ching, but lost 2500 men
in the operation. He is now trying to
rescue General Yung Lu and thus save
what may be left of the legations in Pe-
kin. Nieh is favorable to the foreigners.

BOERS STILL ACTIVE.

True Report of the British Defeat on
Wednesday Near Pretoria.

Pretoria, July 13.—Colonel Mahon re-
inforced by General French's brigade
Thursday, took all the positions held by
the Boers in the neighborhood of Reit-
fontein. A number of the Boer dead
were found. The British casualties are
trifling. Details are now at hand re-
garding the disaster to the Lincolnshire
regiment Wednesday. It appears that
five companies were ordered Tuesday to
proceed and hold a pass through Magels-
burg in the neighborhood of Daspoort
fort. They arrived at the pass in the
afternoon, where three companies with
two guns took up a position and camped
for the night, leaving two companies
on the plain south of the pass. The east-
ern hill was rugged, rocky and inaccess-
ible, but further east was apparently
approachable from the main side.

At daybreak the Boers appeared on
the eastern kopje and opened a heavy
fire. Confusion ensued. The colonel
ordered the men to take up a position
on the kopje west of the gap. From this
point a hot fight ensued during the en-
tire day. Two guns under the escort of
Scot's Greys placed in advance of the
main body were captured after a stout
resistance. Nearly every man was
killed or wounded. A Maxim gun was
brought into action early in the day.
The fire was too hot and the men were
finally forced to retire. A sergeant,
aided by seven volunteers, saved the
gun. There was a continuous fire all
along the line of the Lincolnshire regi-
ment, the men vigorously replying.

About 3 o'clock in the afternoon the
Boers appeared to the left of the posi-
tion occupied by the British. An offi-
cer and 15 men attempted to charge
them. Fourteen men were killed and
wounded as a result of the charge.
Three companies were practically sur-
rounded. But they kept up a steady
fire until toward nightfall when their
ammunition had been expended.

The latest arrival from the scene says
at the moment of his escape the men
were taking good position under cover
and at fixed bayonets awaiting the ap-
proach of the Boers. It is understood
upon good authority that the Boers
have employed armed natives. Two na-
tives leaped from cover when a small
party from the Lincolnshire regiment
stepped up and demanded their surren-
der. A soldier stepped forward and
shot both natives dead. One officer who
succeeded in making his escape had an
encounter with armed natives. It is
feared the losses of the British is numer-
ous. About 30 British soldiers strag-
gled back to camp today. According
to all accounts a great force is being as-
sembled to prevent further progress of
the Boers.

The Trial of Caleb Powers.

Georgetown, Ky., July 13.—The
fifth day of the trial of ex-Secretary
of State Caleb Powers found the
jury uncompleted with four jurors to be
supplied, eight having been accepted on
Thursday. Deputy sheriffs rode into
the country districts in accordance with
order of court and summoned an extra
venue of 40 jurymen. The court was
late in getting to work on account of
waiting for Mr. Owens of the defense,
who was injured by a streetcar, but who,
against the advice of his physician, in-
sisted on taking part in the case, though
he had to come on crutches. The prose-
cution exhausted its number of peremp-
tory challenges by excusing Erasmus
Ware, an anti-Goebel Democrat, who
had been temporarily seated as a juror.
The jury was completed. It consists
of eight Democrats, three anti-Goebel
Democrats and one Republican.

Attempt to Blow Up Grand Palace.

Paris, July 13.—Inquiries are being
made into what may possibly turn out
to be a serious attempt to destroy the
Grand palace of the Champs Elysee, on
Wednesday night. A watchman of the
cellars, which were filled with packing
cases, and a large quantity of other in-
flammable material, overheard a conver-
sation between two men leading him to
believe that a plot was on foot to set fire
to the building. The miscreants fled
upon his approach. A search on the
next morning resulted in the discovery
of two hermetically sealed boxes filled
with black powder. The chemical prop-
erties of this powder have not yet been
disclosed by the authorities.

Heavy Rain in Galveston.

Galveston, July 13.—The heaviest
rain in many years has fallen here since
last night at 9 o'clock. The rain has
been incessant. The precipitation up to
noon is over 9 inches. The streets in all
parts of the city are flooded and pedes-
trians in numbers are going barefooted.
Streetcar service is greatly hampered
and few lines are running continuously.
No serious damage, but many yards in
lowlying districts are flooded and in
some cases water is up to the floors.

Crime Decreases in Indian Territory.

Muskogee, I. T., July 13.—United
States Marshal Bennett, of this place,
and his office force have completed their
report for the last quarter and are ready
to submit their accounts, which amount
to nearly \$50,000. The expenditures
during the past quarter are far below
the usual amount, and the decrease is
gratifying to the people of this section
as it indicates a corresponding decrease
in crime.

OIL TANK EXPLODES.

Throwing Sheets of Fire Over Men, Women and Children.

Boston, July 13.—By the explosion of an oil tank in Somerville Thursday nearly 100 persons were more or less injured and two are reported dead. Many of the injured are in the Cambridge, Somerville and Massachusetts general hospitals, while others were taken to houses near the scene of the explosion.

In the yard of the Boston and Maine railway near the old McLean asylum, among more than a thousand freight cars filled with coal and general merchandise, were the oil tanks of the Union Oil company. When one of the cars caught fire and made a blaze that could be seen all over Somerville, hundreds of persons flocked to the yards. The Somerville firemen arrived promptly enough but had to carry hose through all kinds of places, while the fire burned briskly and the crowd drew closer and closer.

It is estimated that soon after the fire started fully 1000 persons were in the yards, and some of the more daring were on top of the freight cars near the fire. Suddenly there was a rumbling noise. One great sheet of flame shot into the air and a huge oil tank which had been on a car went up on end, scattering blazing oil in all directions. The huge tank of oil, one of three, had exploded. The burning oil fell upon men, women and children in the throng, who shrieked with pain and terror. Six men on top of a box car were thrown to the ground with their clothing on fire. Men, women and children, with their garments burning, ran about the yard in terror. Some were so badly burned that they dropped. Those who were not on fire helped them and were themselves burned.

Meanwhile, the railway men were performing acts of heroism. The oil tank which exploded was on a car near two others and these were in danger of going up at any moment. A locomotive was backed in and started to draw out the train. A man ran out, threw a heavy sleeper beneath the wheels of the burning tank, the coupling broke, the car stopped and the oil tanks separated. Fifteen persons were taken to the hospital.

Fusion Ticket in Nebraska.

Lincoln, July 13.—Nebraska fusionists in state conventions nominated the following ticket:

Governor—William A. Poynter, Populist.

Lieutenant governor—E. A. Gilbert, Silver Republican.

Secretary of state—C. V. Sooboda, Populist.

Treasurer—S. P. Howard, Populist.

Attorney general—Willis D. Oldham, Democrat.

Auditor—H. S. Griess, Populist.

Land commissioner—P. J. Cary, Populist.

Presidential electors—Frank Ranson, J. H. Foller, W. A. Garrett, W. C. Swan, Peter Elbertson, Robert Oberfelder, L. H. Wente and J. Hughes.

Gold Democrats.

Indianapolis, July 13.—Leading members of the gold Democratic party here are not in favor of a separate ticket for this campaign and will so express themselves when the executive committee of the national committee holds its meeting here July 25. It is likely that the committee will issue a proclamation against the free silver idea and the candidates of the Kansas City convention, reaffirm the principles of the platform adopted at the sound money convention held here four years ago, and then adjourn.

Will Have No Candidate.

Washington, July 13.—"The gold Democrats will not put a ticket in the field this year," said W. D. Bynum of Indiana, chairman of the gold Democratic executive committee in 1896. "We can not get our electors on the official ballot in New York because no votes were cast for the party candidate for governor in 1898, and the state law requires that a certain number of votes shall have been cast for state officers in the preceding election before the nominees of any party can go on the ballot in the pending contest."

Republicans in Conference.

Cleveland, July 13.—An important political conference attended by a number of prominent Republican leaders was held at Senator Hanna's office here. The meeting was called by Hanna to discuss and decide upon the personnel of the new executive committee and the name of the secretary of the national committee to succeed General Charles F. Dick. Before the conference closes it is also probable a member of the national committee to fill the vacancy caused by the resignation of George B. Cox of Ohio will be chosen.

Republican Executive Committee.

Cleveland, July 13.—Senator Hanna announced that the following named persons have been chosen as members of the national executive committee: Graeme Stewart of Illinois; Henry C. Payne of Wisconsin; Richard C. Kerens of Missouri; J. H. Manly of Maine; M. B. Scott of West Virginia; Frederick S. Gibbs of New York; Franklin Murphy of New Jersey; M. T. Herrick of Ohio; H. S. New of Indiana. Chairman M. A. Hanna; secretary, Perry S. Health; treasurer, Cornelius N. Bliss.

Clark Howell Married.

Savannah, July 13.—Hon. Clark Howell of Atlanta, was married here to Miss Annie Comer, daughter of the late Hugh M. Comer, president of the Central Georgia railway. Immediately after the ceremony Mr. and Mrs. Howell left for New York where they will take passage for Europe for a tour of several months.

DEFEAT FOR BRITISH.

Boers Win a Battle in Territory Considered Pacified.

ALMOST IN PRETORIA

British Line Attacked Simultaneously at Various Points and at Nitrals
Nek Two Guns and Two Hundred Men Captured.

London, July 13.—General Roberts' dispatch reporting another unfortunate occurrence throws a serious light upon the state of affairs in South Africa. There has been some comment recently regarding the virtual absence of progress by the army under command of Gen. Roberts, but few could have been found to believe that the scattered Boers were able to inflict such a defeat so near Pretoria.

Instead of the surrender of all of the remaining Boers being imminent, as recent telegrams had hinted, it seems that they have been making a concerted attempt to surround or recapture Pretoria, with so much success in the region which was supposed to be pacified and in which no attack was expected, they succeeded in inflicting a serious defeat and capturing two guns and some 200 men. It is evident that General Botha had a considerable force, seeing that he is able to press General Roberts' lines at a half dozen points around Pretoria, from the spring to the southeast of the city, northward to Middleburg and Durpoort and thence southward to Nitrals Nek and Krugersdorp.

General Roberts omits to give the name of the commander concerned, giving rise to the belief that worse remains to be told. Even if the mishap be not more grave than his information at present implies, it proves that the situation is still serious and that there is no possibility of any troops being spared from South Africa for China, but on the contrary it will take a long time to clear the country of the Boers.

Hay About to Return.

Cape Town, July 13.—United States Consul Adelbert S. Hay of Pretoria, is about to return to the United States.

To Keep Out Paupers.

Washington, July 13.—Commissioner General Powderly has received a telegram from the immigration officials at Eagle Pass, Tex., in which they state that they have information that about 1200 pauper Italians are on their way north from Mexican ports with a view to crossing the Mexican line into the United States. Forty-three of these Italians, it is said, already have been stopped and turned back, but in view of the large number on their way the officers ask for authority to appoint 10 mounted men to patrol the Rio Grande and prevent their crossing. This authority has been granted and the additional men will be appointed at once.

Running Fight With Robbers.

St. Louis, July 13.—Charles M. Murray, chief detective of the Illinois Central road, had a running fight with robbers with two supposed men to be train robbers in Finney avenue here. He captured one of them, George W. Barnes. The other, John Nelson, escaped after wounding the detective in the arm and thumb. The authorities claim to have reliable information of two men engaged in holding up the Illinois Central train near Wickliffe, Ky., Tuesday night.

The Date Satisfactory.

Lincoln, July 13.—The date, Aug. 8, on which Mr. Bryan is to receive official notification of his nomination by the Democratic party is satisfactory to him. It is doubted if he will leave Lincoln much before that time, though he does not himself know just what his programme will be. He does not, however, expect to make any speeches before his notification. Mr. Bryan is spending much of his time in his library with a stenographer working on material for the campaign. Charles A. Towne has been with him most of the time.

Meteor Strikes a Store.

Coffeetown, Miss., July 13.—In the village of Bellefontaine, 30 miles in the interior, an aerolite, or meteoric stone fell from the sky Wednesday, striking the large store of Hodge & Mabry, completely destroying it. The strange phenomenon blazed like a ball of fire in its flight downward and exploded when it struck the building.

Texas Pear Crop Short.

Alvin, Tex., July 13.—The condition of the pear trees in many orchards in this section is causing much uneasiness and many theories are advanced to explain causes and effects. Some of the growers have been systematically at work and the good results are to be seen in their thrifty orchards.

E. O. Bocker Appointed.

Chicago, July 13.—E. O. Bocker, commissioner of the Galveston Merchants' Freight bureau, has been selected as the general agent of the St. Louis committee and the chairman of that organization has been notified of his acceptance. This completes the organization of three of the four committees appointed by the presidents at their New York meeting.

Appointed By Gov. Barnes.

Guthrie, O. T., July 13.—Gov. Barnes appointed F. B. Little of Guthrie and E. E. Howendobler of Perry members of the Territorial Board of Pharmacy for three years each.
